

CPA 2022 Conference Registration is NOW OPEN!

This year we are hosting both in-person and virtual options and they require separate registrations.

Please consider registering early for the conference! We are going to cap the number of **in-person** attendees and we will also have limitations on the number of attendees in all workshops. There is not a cap on the number of virtual registrations.

Before registering, please review the conference keynotes and workshops session titles, descriptions, and speaker information.

Please review our COVID-19 policy. Before finalizing registration, you will have to agree to this policy which pertains to all in-person conference attendees (and presenters). Also, please review the conference cancellation, substitution, and no-show policy.
